

Introduction:

LEA: Banta Elementary School District Contact (Name, Title, Email, Phone Number): Albert Garibaldi, Superintendent, algaribaldi@sjcoe.net, 209-229-4651 LCAP Year: 2016-2017

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA’s goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA’s process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA’s engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school’s budget that is submitted to the school’s authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA’s goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Action/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA’s goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA’s budget?

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	<u>\$509,909.00</u>
<p>Banta Elementary School District has an unduplicated pupil count of 71%.</p> <p>The following programs and services are provided to students using Supplemental/Concentration funds:</p> <ul style="list-style-type: none"> • Provide every student access to standards aligned instruction, materials, and technology to support CCSS technology integration • Improve students reading and math levels with supplementary programs and materials, STAR360, Accelerated Reader, Math online intervention software, online video service • Meals for low income students • English Language Development Program: Part-time teacher on assignment will provide Intervention, English Language Development and CELDT testing support, Bilingual (ELD) coordinator, part-time ELD aides to support English Language Development instruction in all K-8 classrooms, supplemental curriculum, technology, and software (Imagine Learning) to instruct English learners in the classroom, Professional development focusing on the needs of English Learners, English Language Development Tutoring, Translation services for English Learner parents • Professional Development focusing on CCSS instructional strategies, assessment items, and technology integration • Attendance Clerk, attendance incentives • Enrichment programs: Artist in Residence, Performing Arts materials, participation in county academic events, Science Program: science teacher, science professional development, science materials and technology, TOPS Scientist • Additional part time instructional aide position • Anti-Bullying program: Character Counts, student assembly on bullying • Counseling Services • Nursing Services: Nurse, materials and supplies, technology equipment • Health Education: Life Skills curriculum • Parent Involvement: resources needed to improve opportunities for parents to participate in their student's education • Provide translators and translated materials for school-family communications <p>Supplemental/Concentration funds are being expended in a Districtwide manner to provide the following programs and services that are principally directed towards meeting the District’s goals for its unduplicated pupils in the eight state priority areas:</p> <p>Goal 1:</p>	

- Action/Service 1.2 - Continue to provide every pupil sufficient access to standards aligned instruction and CCSS materials. Technology upgrades to support CCSS technology integration. The services provided are principally directed and are the most effective use of funds, in targeting our unduplicated students in meeting the District's goals in the state priority areas 1,2,4. Assure unduplicated students have access to CCSS resources and the technology skills needed to prepare them for college and career.
- Action/Service 1.3 - Continue to improve CAASPP scores. Improve student's reading and math levels with supplemental programs and materials. Star360, Accelerated Reader, Math online intervention software, online video service - CCC Media Streaming. These services are principally directed and are the most effective use of funds, in targeting our unduplicated students in meeting the District's goals in the state priority area 4. Assure unduplicated students are growing toward grade level proficiency.
- Action/Service 1.6 - Provide all teachers and paraprofessionals with Professional Development focusing on CCSS instructional strategies, assessment items, and technology integration. These services are principally directed and are the most effective use of funds, in targeting our unduplicated students in meeting the District's goals in the state priority areas 2,4. Improve instruction to unduplicated students.
- Action/Service 1.7 - Attendance Program: Attendance Clerk and student attendance incentives. These services are principally directed and are the most effective use of funds, in targeting our unduplicated students in meeting the District's goals in the state priority areas 4,5. Attendance rates indicate that unduplicated students are absent more often.
- Action/Service 1.8 - Enrichment Opportunities: Artist in Residence, Performing Arts materials, participation in county academic events, Science program: science teacher, science professional development, science materials and technology, TOPS Scientist . These services are principally directed and are the most effective use of funds, in targeting our unduplicated students in meeting the District's goals in the state priority areas 4,7,8. Exposing our unduplicated students to enrichment opportunities that they might not otherwise have, due to poverty. Many of our unduplicated students struggle academically and don't enjoy school, but providing them with opportunities to participate in enrichment opportunities may strengthen their academics and give them additional opportunities to feel successful and confident in school.
- Action/Service 1.10 - One additional part-time instructional aide position. These services are principally directed and are the most effective use of funds, in targeting our unduplicated students in meeting the District's goals in the state priority area 4. Increased support to unduplicated students needing assistance in achieving academic success.

Goal 2:

- Action/Service 2.2 - Anti-Bullying Program: Character Counts, student assemblies on bullying. These services are principally directed and are the most effective use of funds, in targeting our unduplicated students in meeting the District's goals in the state priority area 6.
- Action/Service 2.3 - Counseling services. These services are principally directed and are the most effective use of funds, in targeting our unduplicated students in meeting the District's goals in the state priority area 6. Our unduplicated students receive counseling services for reasons that might develop due to poverty or second language barriers.
- Action/Service 2.4 - Nursing services. These services are principally directed and are the most effective use of funds, in targeting our unduplicated students in meeting the District's goals in the state priority area 6. Our unduplicated students receive nursing services for chronic illnesses, and dental and health services that they might not receive elsewhere due to poverty.
- Action/Service 2.5 - Health Education: Life Skills Curriculum. These services are principally directed and are the most effective use of funds, in targeting our unduplicated students in meeting the District's goals in the state priority area 6, exposing our unduplicated students to life skills that they might not receive elsewhere due to poverty and

second language barriers.

Goal 3:

- Action/Service 3.1 - Provide resources for Parent Involvement. Improve opportunities for parents to be involved in their child's education. Continue and expand approaches to communication with parents, including district/school website, Alert Solutions messaging service, school newsletters, Powerschool Parent Portal. These services are principally directed and are the most effective use of funds, in targeting our unduplicated students in meeting the District's goals in the state priority area 3. Parent participation data indicates that parent participation is lower for our parents of unduplicated parents.

The justification for District-wide implementation of these actions and services is to ensure a positive outcome for student achievement and school connectedness by providing services to students that might have less resources available to them that would impact their learning. Although Districtwide spending is principally directed towards our unduplicated students, all students, at all academic or language levels should have the opportunities to work together, collaborate, and be accountable for one another's learning.

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

20.9	%
9	

In our annual budgets for the three years we have surpassed this proportionality with increased or improved services for low income, foster youth and English Learners. These subgroups get the benefits of these proportional dollars and also the benefits of funds and resources allocated to "all students" due to our size and homogeneous population.

The district will further improve services to our English learners, low income, and foster youth:

Through focused:

- Implementation of a English Learner Development Master Plan
- Added budgets for technology, materials and supplies specific to English Language Development
- Imagine Learning ELD program
- ELD Teacher on assignment
- ELD Coordinator
- Additional ELD aides
- ELD tutoring
- Professional development focused on ELD and ELD standards.
- Attendance Clerk, student attendance incentives

- Provide translators and translated materials for school to family communications
- The district will provide free and reduced meals and snacks to low-income students to ensure their achievement.

While our foster youth students do not meet the threshold of a significant subgroup (2 - 2016-2017), we will always endeavor to provide them the support that they need to be successful.
